**WHEREAS**, the OWNER owns the real property located at \_\_\_\_\_, hereinafter referred to as "*Property*," which abuts a section of a canal/lake within the City of Miramar; and

**WHEREAS**, the CITY conditions the restoration, specifically the installation of the Geotubes, on the OWNER agreeing to indemnify and save CITY harmless for any damage done to the OWNER's *Property* or any other Party with lawful possession of the *Property* during or as a result of such restoration, and Owner providing access on and across the *Property*, if required, for completion of the *Work*. If a tenant of the OWNER occupies the property during the time period in question, it is the responsibility of the OWNER to notify the tenant to provide access to the City to complete said *Work*.

**NOW, THEREFORE**, in consideration of the premises set forth herein and the mutual benefits to be derived from this agreement, the parties agree as follows:

1. That all of the above is true and correct and forms the basis for this Agreement between the parties.
2. The CITY will be performing one-time restoration of canal/lake embankments.
3. The OWNER shall be responsible for the relocation of all irrigation system located on the *Property* at his/her sole expense to prevent any damage due to the restoration operations comprising the *Work*. No restitution shall be due to the OWNER for any damages incurred due to OWNER's failure to relocate the said irrigation system, including pipes, pumps, intakes, etc.
4. The OWNER shall allow the CITY, their employees, agents, independent contractors, or any other party under their authority, to stack dredged material stored in fabric socks, commonly known as geotubes, against the existing banks, which may be located on private property, including but not limited to the *Property*.
5. The OWNER, by signing this Agreement, acknowledges that while most of the stacking of dredged material would be within the right-of-way (ROW) of the waterway or canal/lake system, part of it may be abutting against, and within, his/her private *Property* and that the CITY, their employees, agents, independent contractors, consultants or any other party under their authority have Owners' consent and authority to access the *Property* and to stack the dredged material on the *Property* so as to complete the *Work*.

6. The *OWNER*, by signing this Agreement, acknowledges that any additional land created by the proposed stacking shall remain part of Right of way and may be used for maintenance of the waterway or, if on private *Property*, grants permission for access and maintenance, if any. The *OWNER* further agrees that he/she shall not construct dock or seawall or any other supports into the geo-tubes and shall keep this area clear at all times and not plant any trees, shrubs, hedges, etc., that could damage the geo-tubes.
7. Following the installation of the geotube by the City, as herein contemplated, the *OWNER* shall be responsible for all future maintenance of the embankment and the City will not, and will have no obligation to, engage in any maintenance of the embankment.
8. The *OWNER*, and any party occupying the property with the consent of the *OWNER*, hereby agrees to indemnify and hold harmless the *CITY*, South Broward Drainage District, their officers, agents, and employees, from all current and future liability for any damage to its *Property* and improvements thereon, including but not limited to trees, seawall, canal/lake bank, pool, boat deck, fence, irrigation systems, porch, or house.

THIS AGREEMENT made and entered into this \_\_\_\_\_ day of \_\_\_\_\_, 2024, by and between SOUTH BROWARD DRAINAGE DISTRICT, a political subdivision of the State of Florida, hereinafter referred to as "District", whose address is 6591 S. W. 160th Avenue, Southwest Ranches, FL. 33331, and \_\_\_\_\_ and \_\_\_\_\_ hereinafter referred to as "Property Owners", whose address is \_\_\_\_\_.

WITNESSETH

WHEREAS, District is a political subdivision of the State of Florida charged with the responsibility of effecting drainage and water management within its geographical boundaries and approving all subdivision plats and development plans affecting lands within its geographical boundaries; and

WHEREAS, Property Owners are the owners of the property described in Exhibit "A" attached hereto and incorporated herein in its entirety, hereinafter referred to as "Subject Property" and which is further identified by Broward County Property Appraiser Folio No. \_\_\_\_\_; and

WHEREAS, Subject Property lies completely within the geographical boundaries of District; and

WHEREAS, a LAKE MAINTENANCE Easement (hereinafter referred to as "Easement") dedicated to the District is located on the Subject Property which is adjacent to a lake/water body owned by the District or over which the District has a flowage easement, lake easement and/or other easement rights and which the District either maintains or has the right to maintain and which is hereinafter referred to as "Lake Property"; and

WHEREAS, District has established, in accordance with its rule making authority, that no improvements can be placed or constructed in or over any lake maintenance easement, drainage easement, flowage easement lake easement or other property owned by the District or over which the District has permitting authority without approval and authorization by the District; and

WHEREAS, Property Owners desire an approval from District for themselves, their successors, assigns and heirs for the purpose of obtaining a permit to construct a GEOTUBE SEAWALL hereinafter referred to as "Easement Improvements", within the Easement; and

WHEREAS, in addition to the construction of the Easement Improvements within the Easement, Property Owners desire an approval from District for themselves, their successors, assigns and heirs for the purpose of obtaining a permit to construct a GEOTUBE SEAWALL, hereinafter referred to as "Lake Improvements", within the Lake Property; and WHEREAS, unless otherwise stated, the Easement Improvements and Lake Improvements are hereinafter collectively referred to as "Improvements"; and

WHEREAS, as a condition of approval of the Improvements within the Easement and Lake Property, District requires that certain minimum criteria be complied with and that Property Owners enter into a hold harmless agreement indemnifying District from any and all claims, losses, damage and expenses, arising out of the construction of the Improvements within the Easement and Lake Property; and

WHEREAS, the District's rules, regulations and criteria and the standard permit form issued by District provide that if construction of the Improvements is permitted within the Easement and Lake Property, the Property Owners shall remove that portion of the Improvements which interfere with the operations of the District upon request by the District; and

WHEREAS, the District has determined that due to the method District utilizes in maintaining the lake/water body adjacent to Subject Property, it is unlikely that District will require the removal of the Easement Improvements from the Easement; and

WHEREAS, except as otherwise provided for in this Agreement, the District agrees to delete and rescind the right of District to require Property Owner to remove the Easement improvements from the Easement; and

WHEREAS, the decision of District's right to require removal of the Easement Improvements from the Easement on Subject Property is based on District's review of District's requirements and obligations to maintain the adjacent lake and easements from the Easement located on Subject Property and is not to be construed or interpreted as a determination by District or change in policy or criteria

---

of District that similar improvements constructed within District's easements located on other property adjacent to the lake or water body that Subject Property abuts or any other lake within the District will not have to be removed in the event the District requires said removal for drainage purposes or to maintain the facilities of the District; and

WHEREAS, nothing contained herein is to be interpreted as rescinding District's right to require removal of the Lake Improvements from the Lake Property as provided by this Agreement; and

WHEREAS, nothing contained herein shall be interpreted or construed as deleting or modifying any other condition of the District's permit to property owners or the District's rules, regulations and criteria, unless specifically provided for in this agreement; and

WHEREAS, as a condition of allowing the Improvements to be constructed within the Easement and Lake Property and rescinding District's right to require removal of the Easement Improvements, District requires that Property Owners enter into a hold harmless agreement indemnifying District from any and all claims, losses, damage and expenses, arising out of the construction of the Improvements within the Easement and Lake Property; and

WHEREAS, District has determined and approved by South Broward Drainage District Resolution No. 2012-10 that Property Owners owning property adjacent to lakes and certain other water bodies within the District may obtain a permit without Board approval for construction of Improvements within the District's easements and Lake Property so long as the property owners enter into an Indemnification and Hold Harmless Agreement with the District, and comply with all other District criteria for obtaining said permit, and;

WHEREAS, District and Property Owners are desirous of entering into an agreement to provide for an approval to permit the construction of the Improvements within the Easement and Lake Property and to rescind District's right to require removal of the Improvements from the Easement;

NOW, THEREFORE, in consideration of the premises and Ten and No/100 Dollars (\$10.00) and other good and valuable considerations from each to the other, the receipt and sufficiency of which are hereby acknowledged by District and Property Owners, each intending to be legally bound, do hereby represent, warrant and covenant and agree as follows:

1. The foregoing statements are true and correct and are incorporated herein by reference as though set forth verbatim. 2.

District agrees to issue permits to Property Owners permitting construction of Improvements within the Easement and Lake Property, provided Property Owners first submit to District for approval, construction plans which are in substantial compliance with the minimum criteria established by District and as stated above. The proposed plans or sketch for these Improvements are attached to this agreement as Exhibit "B".

3. All subsequent owners of Subject Property shall be bound by this Agreement which shall be a covenant running with the land.

4. Property Owners do hereby agree for themselves and their successors, assigns and heirs, with respect to Subject Property on which the Improvements are constructed within the Easement and Lake Property, to indemnify District and hold it harmless from any claims, losses, damages or expenses, specifically and exclusively arising out of the construction of the Improvements within the Easement and Lake Property and also following construction of the Improvements. This indemnification includes but is not limited to any and all personal injuries which may be suffered by any individuals or property damage which may be incurred by any individuals or entities as a result of the construction of the Improvements within the Easement and Lake Property. Property Owners agree to indemnify District from any and all liability, loss or damage District may suffer as a result of such claims, demands, costs or judgments and further agree to take over and defend any such claims brought or actions filed against District with respect to the subject of the indemnity contained in this Agreement. The foregoing indemnity shall include reasonable attorneys' fees and court costs incurred by District including court costs and reasonable attorneys' fees incurred at the trial and all appellate levels. Nothing contained herein shall be deemed, however, to constitute a waiver by District of any limitations of its liability that may be accorded District by virtue of § 768.28 Florida Statutes, or any subsequently enacted similar law.

5. Property Owners shall on the Easement and Lake Property adjacent to Subject Property, restore the lake bank to its original condition or District criteria as it exists on the date of this Agreement should construction of the Improvements within the easement result at any time in the collapse of the lake bank or any other damage to the lake bank. In the event that Property Owners fail to restore the lake bank within thirty (30) days of receiving written notice from District, then District may undertake to perform such lake bank restoration as may be deemed by it to be necessary and Property Owners shall fully reimburse District for the cost of all such lake bank restoration work within thirty (30) days of receiving a bill.

---

6. Property Owners agree that during and following construction of the Improvements within the Easement and Lake Property, they shall take all reasonable and necessary steps to prevent pollution or damage to the adjacent lake as a result of said construction. In addition, Property Owners agree to be responsible for and reimburse District for all expenses arising out of pollution or damage to the adjacent lake resulting from said construction.

7. Property Owners agree to maintain the Improvements built by Property Owners or with their permission, in or on the Easement and Lake Property and Property Owners agree to fully and completely indemnify and hold harmless District, its successors and assigns for damages because of bodily injury or death resulting therefrom, sustained by any person or persons, or because of any damage to real property or personal property of District or of any person or entity due to any act or omission of Property Owners, their employees, subcontractors, designees or agents and in or on the Easement and Lake Property.

8. Property Owners agree that in the event District requires the use of the Easement or Lake Property in which the Improvements are constructed, the District shall notify Property Owners within thirty (30) days that such use may be required. In this event, District agrees to use reasonable precaution to prevent damage to the Improvements. However, notwithstanding the foregoing, in the event the District damages any portion of the Improvements, the Property Owners agree to be responsible for the construction and expenses necessary to restore the Improvements to their permitted condition. In addition, Property Owners acknowledge and agree that District shall not be required to restore the Improvements or pay any monies toward the cost of restoring the Improvements. All construction necessary to restore the Improvements must comply with the District's criteria and requirements of this Agreement.

9. Notwithstanding the provisions of the previous paragraph, Property Owners agree that in the event the District shall have a reasonable permanent use of the Easement or Lake Property, that within thirty (30) days notice by District, Property Owners, their successors, assigns and heirs, shall remove the Easement or Lake Improvements approved by this agreement. In this event, the lake bank, and/or lake maintenance easement and/or lake shall be restored to its original condition or District criteria as it exists on the date of this Agreement. Notwithstanding the foregoing, in the event there is not a permanent need for said property but there is a temporary basis which need is reasonable for reasonable use of the Easement or Lake Property, District shall use all reasonable means to avoid the necessity of removing any part of the Easement or Lake Improvements. If after attempts to use said property temporarily without removing the Lake Improvements fail or are reasonably determined to be impossible or unreasonably inconvenient, then and in that event, upon the giving of thirty (30) days notice to the then owner of Subject Property, Property Owners, their successors, assigns or heirs shall remove so much of the Easement or Lake Improvements as may be reasonably necessary to permit District to effectuate the temporary use. Thereafter, and upon notice from District that said temporary need or use has been fulfilled and is no longer necessary, Property Owners, their assigns or heirs shall be permitted to replace so much of the Easement or Lake Improvements as may be reasonably necessary. In this event, Property Owners, their successors, assigns or heirs shall be permitted to replace so much of the Easement or Lake Improvements which were removed, so long as the construction necessary to complete replacement of the Easement or Lake Improvements complies with District's criteria and requirements of this Agreement.

10. Property Owners, their successors, assigns and heirs agree that if it is necessary for District to remove the Easement or Lake Improvements constructed pursuant to this Agreement and to restore the lake bank and/or maintenance easement and/or lake, that Property Owners, their successors, assigns and heirs will reimburse District for any and all costs incurred to effect said removal and restoration, including attorneys' fees and costs expended in connection with such removal and restoration.

11. Property Owners agree that if it is necessary for District to restore the Easement, Lake Property, lake bank and/or any part of the Improvements and/or remove and/or replace any part of the Easement or Lake Improvements, that Property Owners will reimburse District for any and all costs incurred to effect said removal, restoration and/or replacement, including attorneys' fees and costs expended in connection with such removal, restoration and replacement.
