FORM
EPRP -1
 UPDATED 10/2019

EXPEDITED PLAN REVIEW PROCESS (EPRP) REQUEST FORM

The City of Miramar Building Division along with Miramar Fire Rescue offer an Expedited Plan Review Process (EPRP). The EPRP is contingent upon completion of the Expedited Plan Review Process Form (EPRP) from the Contractor or Authorized Agent and staff review. Approval is based upon the hardship presented and availability of plan reviewers. In an effort to not negatively impact other projects plan reviews already in the system, the EPRP reviews may be performed outside of normal business hours. A fixed fee of \$1,750, (\$1,250 for Building Division review) and (\$500 for Fire Rescue review) are due at time of EPRP request approval.

Two complete sets of construction documents are required along with the completed EPRP Form. Staff will evaluate the request to determine if it meets the criteria as well as availability of staffing. **A non-refundable fee of \$250 per application per discipline plus 8% surcharge for Residential and a \$500 per application per discipline plus 8% surcharge for Commercial, is required to be paid prior to the start of the EPRP. The Fire Dept. expedited review requires a Letter of Hardship along with the completed EPRP application and an additional \$500 for either residential or commercial permits.**

Please complete this form as your written request for the EPRP review. The EPRP fee is in addition to the final permit fee. If the service is not available due to limitations on staffing availability, no expedited fee will be assessed. All expedited fees are to be paid in person at time of request. For any questions please call (954) 602-3316. Please print clearly.
